To: Tallmadge Resident
From: Tallmadge Service Department
Date: April 6, 2010

As you know, the Northeast Avenue roundabout project has started construction. The following streets will be closed beginning April 12, 2010

- Northeast Avenue heading to Kent at the intersection.
- North Munroe Avenue heading towards Munroe Fall at the intersection.
- West Howe Road: The north two lanes west of the intersection will be closed converting Howe Road from a four lane street to a two lane street. The two lanes on the south side of the street will be converted to a two lane road with traffic both into and out of the intersection.

This closure is scheduled to not exceed 100 calendar days. The following detours will be in effect throughout the closure:

Northeast Avenue traffic will be detoured east on Howe Road to Mogadore Road and then will head north on Mogadore Road to the City of Kent.

North Munroe Road traffic will be detoured west on Howe road to North Avenue and will proceed north to Munroe Falls.

It is the city's intention to try to keep you updated on the progress of this project. If you have any questions please call the Service Department at 330.633.0854

David G. Kline
Director of Public Service
